

Help keep computers, monitors, and other electronic equipment out of Pitt's trash!

DO NOT PUT IN THE TRASH:

Computers, monitors, audio equipment, televisions, fax machines, printers, laptops, and other unwanted electronic equipment.

Electronic equipment contains heavy metals and other materials that can become hazardous to human health and the environment:

- **Lead** - Picture tubes of monitors and televisions contain leaded glass and are the largest source of lead in municipal waste.
- **Mercury** - Electronic equipment is a leading source of mercury in municipal waste.

WHAT SHOULD YOU DO WITH UNWANTED ELECTRONIC EQUIPMENT AT PITT?

- Don't place any electronic equipment in the trash, even if it is broken.
- **REQUEST A PICKUP ONLINE:** Fill out a Surplus Property "Pickup Request Form" at <http://www.pts.pitt.edu/surplus/pickup.htm>, **OR**
- **CALL SURPLUS PROPERTY at (412) 244-7071.**

The University donates electronic equipment to non-profit groups for continued use and sends other electronic equipment to a recycling facility.
